For the youth work of the municipality Brannenburg

Project: Skate park Brannenburg

Everyone is in a good mood and getting along well.

The bike park with adjacent skate park is now more than a sports facility – it has become a meeting place for young people in Brannenburg. Here they can practice their sport, have fun and "hang out". Everyone is in a good mood and getting along well.

On the initiative of the Brannenburg-Flintsbach youth center and the youth responsible, the skate park is now being modernized and expanded in cooperation with the municipality of Brannenburg so that the children and young people will continue to enjoy meeting there and exercising together.

A great project – supported by OELCHECK.

The **willow hut** can be used in a variety of ways and enlivens all outdoor activities in a natural manner.

OELCHECK Donations 2021

For the Christian Charity Organization Flintsbach

Art project

The beauty of age!

Using this statement, the Christian Charity Organization in Flintsbach would like to sensitize citizens in the district of Rosenheim to the fact that "being old" does not at the same time mean "in need of help" and weak. In our society, beauty is often equated with a youthful ideal. But: Older people in particular are beautiful – every wrinkle in their face tells a story.

According to the motto "I have earned every single one of my wrinkles", this art project is intended to set an example against age discrimination and to establish an annual exhibition in the multi-generational house. In this way, the charity organization wants to make a contribution to bringing older people more into the spotlight and "onto the stage". To show them respect for their achievements in life and to show that everyone – no matter what age – embodies a very special beauty.

Donation sum:

1,400 €

For frames, lightning and printing costs of the pictures
